**CIRCUIT COURT IS IN
SESSION; NO CASES TO
BE TRIED NEXT WEEK**

The Circuit Court of Coffee County, for the Elba Division, convened at Elba Monday morning with Hon. W. L. Parks, newly appointed judge, presiding. While this is the first time that Judge Parks has presided as Circuit Judge, he is quite well known to the people of Coffee county, having served for a number of years as Chancellor in this division. He is an able jurist, and goes about the business of the court in a very business-like manner. Judge Parks announced on Monday morning that all civil cases set for trial next week, April 9th to 13th, inclusive, will be continued till the next term of the court. This action was taken in order to give the farmers, who might be interested in the court an opportunity to stay at home for the farm work. Farmers as a rule are badly behind with their operations, on account of the bad weather of the past few weeks, and Judge Parks has continued the cases, having due consideration for the agricultural interests of the people at large. An official notice from the clerk of the court appears in another column of today's paper. All cases on the docket for this week will be disposed of and court will convene again on Monday, April 16th, for the purpose of taking up the criminal docket of the court. All parties interested in the court should be governed according to the new order. Immediately on the opening of the court Monday morning, the grand jury was drawn, and Judge Parks made a very clear, straight-forward charge to the members. The docket of the court was sounded at 1:30 Monday afternoon.

**YOUNG WOMAN MEETS
TRAGIC DEATH; GUN
ACCIDENTALLY FIRES**

Selma, Ala., March 28.—Miss Mary Leigh Neville, one of the most popular young women of Selma, and assistant in the dental office of Dr. L. G. Pierson, was accidentally shot and instantly killed Wednesday by the discharge of an automatic pistol, which dropped from the pocket of Ernest S. Ellis, luncheon of Orville, as he sat in the dental chair with Dr. Pierson and Miss Neville working over him. The pistol fell from Ellis' left pocket and struck on a metal knob at the foot of the chair, discharging, sending the ball upward, striking Miss Neville in the left temple as she bent over the patient. In its upward flight the bullet grazed the forehead and narrowly missed Dr. Pierson.

Many persons shopping in the downtown district were awe-stricken when they heard of the tragedy and hundreds gathered around. Mr. Ellis was taken in charge immediately after the shooting by Officer T. H. Kinney and carried to the sheriff's office, where he was denied bond and placed in jail to await a preliminary hearing. The charges against him are manslaughter and carrying concealed weapon.

Miss Neville was just 21 and engaged to be married to Byrd Moore, a prominent young man of this city. Her father, Nick O. Neville, was absent from the city at the time, but was located at York and returned home today. Miss Neville was one of the most beloved girls in Selma, and the entire city is grieved over her sudden death.

**MISS ZADIE ROWE GIVES
DELIGHTFUL PARTY**

One of the most beautiful social events of the spring was the party given by Miss Zadie Rowe Friday afternoon. The living and dining rooms were decorated in white and green, beautiful Easter lilies being used. On each table where the games were played was a miniature nest, filled with candy Easter eggs, which the guests enjoyed as they played. After the games, Misses Zadie and Elizabeth Rowe and Miss Noyte Flournoy served cream and cake. Mrs. W. H. Coston, Misses Henrietta Coston, Elizabeth Sanders and Margaret Garret, of the Woman's College were honor guests at this lovely party.

**SHOWER SATURDAY
FOR MISS LOUISE LEE**

Mrs. J. G. Clark and Mrs. O. A. Ellis were joint hostesses at a shower Saturday afternoon at the home of Mrs. Clark given for Miss Louise Lee.

A lovely program was rendered after which the honoree was presented with a laundry basket filled with beautiful gifts. Delicious refreshments were served.

Miss Lee wore a Nile green silk gown with accessories to match, which was amazingly becoming to her exquisite beauty.

LOSES FINGER IN SAW MILL

Mr. Fletcher Pearce suffered a painful accident on last Thursday at his saw mill near town, which resulted in the loss of the second finger on his right hand. He was trying to remove some small pieces of trash from the saw box, when his finger touched the saw with the result that it was cut off.

Miss Elizabeth Sanders, student at the Woman's College, spent Saturday and Sunday at Elba with her mother.

**WITH THE CHURCHES OF ELBA
ANNOUNCEMENTS AND NEWS OF INTEREST FROM
FROM OUR RELIGIOUS INSTITUTIONS**

BAPTIST CHURCH

Preaching 11:00 a. m. and 7:30 p. m. by Chas. H. Gorman, Pastor.
Sunday School 9:45 a. m. Grover C. Bowden, Supt.

There were many encouraging features about the services last Sunday. The large congregations at both services and the deep interest manifested by the worshippers, and the splendid music were gratifying.

Indications at present are that the services next Sunday will be no exception to the rule. The pastor's subjects have been chosen with a view of meeting present day needs and helping to solve present day problems. The music will be up to the standard that has been maintained by the church for some time. The special numbers, that all look forward to with pleasant anticipation will meet the expectation of those who worship with us. While the programs are so arranged that they are interesting, the purpose in view is to give the worshippers something that will instruct, inspire and be helpful to them in a spiritual way.

All are cordially invited to attend all the services of the church and all will find a hearty welcome awaiting you.

METHODIST CHURCH

Preaching every Sunday, at 11:00 A. M. and 7:15 P. M.
F. M. Lowrey, Pastor.
Sunday School at 9:45 a. m. Chas. L. Rowe, Supt.

Epworth League, Sunday evening at 6:30 o'clock.
Prayer Service, Wednesday evening at 7:00 o'clock.
Woman's Missionary Society, Monday, 3:00 P. M.

Sunday is the day that Governor Brandon has designated as "GO TO SUNDAY SCHOOL AND STAY TO CHURCH DAY." We hope that every person in Elba will heed this call. It is supposed that Dr. Dorer, manager of the Chautauqua, will preach at the tent. In case he does, there will be no preaching at the Methodist Church at the morning hour. Sermon subject for the evening hour will be "The Missing Man."

Missionary Circle number one made 80 points with four new members on Monday's meeting. Circle two is not able to report at this time, but made a good showing. Our aim is to have not less than the total number of the membership of the women of the Church.

We welcome as new members into our church, Mrs. McNulty Tucker, Sarah McNulty, Mrs. H. H. Johnson, Mr. H. H. Johnson, Elizabeth Ham, Cecil Mash, John Robbins Lowrey, and Marguerite Mash. Easter is a good time to make a start, and every member of this Church extends a cordial welcome to each one of these new members. Whenever a person or an institution, or a church, ceases to grow it begins to decay. Growth is life, and without it there is little hope.

When the Centenary collectors approach you, remember they are in the most unselfish cause ever instituted by the face of the earth. Treat them cordially and generously, and learn to translate love into service.

"The Changed Codes" the Pageant given by the young people Sunday night, deserves honorable mention in our columns. If more clubs were brought up, fewer would have to be sent up.

Keep the prayer-meeting in mind in Wednesday evening. Don't let anything keep you away.

away. Decays are set for ducks, geese and men; and every man is worshipping something. Be sure it is, not a decay.

A welcome awaits you in our Church where you are never a stranger, because we are all in our Father's house.

**MISCELLANEOUS SHOWER
FOR MISS LOUISE LEE**

Misses Gussie Rainer and Sallie Page gave a miscellaneous shower, at the home of Miss Rainer, Thursday afternoon for Miss Louise Lee, whose marriage to Mr. Arthur Joe Grant, of Dothan, was brilliantly solemnized at the First Baptist Church Wednesday morning.

The guests were greeted at the door by Miss Mary Alice Talbot, in French maid costume, and shown to the receiving line composed of Misses Gussie Rainer, Louise Lee, Mrs. C. S. Lee and Misses Kathleen Gorman, Marion Pierson, Rena Lee, Mary Francis Armor and Mary Amos. The guests then registered in the bride's book, presided over by Miss Sallie Page. Next they were served delicious fruit frappe by Mrs. Epworth League and Miss Madge Page.

The program was composed of the following appropriate numbers:

Piano Solo—Miss Lowrey.

Vocal Solo—Miss Madge Page.

Reading—Mrs. J. W. Kendrick.

Piano Solo—Miss Annie L. Bullard.

Reading—Mrs. Dana Perdue. Between numbers of the program, telegrams of congratulations from the various clubs of which Miss Lee is a member were delivered to her. The closing number was a miniature wedding. Little Miss Sara Talbot sang "I Love You Truly," and then the minister, Frank Dana Perdue entered, followed by Little Isabel Rainer and Lois Martin, as bridesmaids, and the bride and groom, Frances Talbot and Bill Martin. The little minister performed the ceremony in a very unique manner.

After the little bridal party passed out, Miss Gussie Rainer read an original poem, written to Miss Lee and Mr. Grant. This was characterized by Miss Rainer's ability to compose and was greatly enjoyed and appreciated by the guests. The lovely gifts were brought in by Miss Mary Alice Talbot, Misses Page and Rainer served brick cream and cake.

The bride-to-be was stunningly beautiful on this occasion. She wore a lovely gray silk dress with a large picture hat and other accessories to match.

Mr. and Mrs. M. J. Lee returned to Elba the latter part of last week from Jacksonville, Fla., where they have been spending several weeks. Their daughter, Mrs. Olin May, was with them.

Like Washing in Rain Water

RAIN water is "soft" because it lacks the lime which makes water "hard." A little Giant Lye breaks hard water and makes it as soft as rain water. It dissolves the dirt in soiled clothes and saves a lot of rubbing. That's easier on the clothes and easier on the back. It should be used only on white cotton or linen goods. "These come out sweet and clean and white as snow."

DIRECTIONS: Soak all clothes in water containing one ounce of Giant Lye for two or three hours before washing.

TRUSTY AT KILBY PRISON ESCAPES, TAKING AUTOMOBILE ALONG.

Montgomery, Ala., Mar. 29.—Efforts are still being made to recapture Dewey Musgrove, white convict, who made his escape from Kilby prison about midnight Wednesday. Musgrove, who was a "trusty," had charge of the pump located on the creek about half a mile from the prison proper. The watchman on his rounds, Wednesday night, missed Musgrove and upon investigation being made it was found that one of the Ford cars used by the state at the prison was also missing. The natural inference is that Musgrove made his escape in the automobile, which was half-way between the prison and the pump house.

Musgrove, aged 22 years, was sentenced in the circuit court of Covington county, Ga., September 23, 1921, to from two to three years for grand larceny. His height is 5 feet, 6 1/2 inches; weight, 125 pounds; medium build, blue eyes, reddish-brown hair, medium complexion, good teeth, smooth shaven; occupation, barber and automobile mechanic; nativity, Alabama, and coat of arms U.

COAST LINE TO BUILD NEW SHOPS TO COST ABOUT HALF MILLION

Montgomery, March 30.—The Atlantic Coast Line will immediately begin construction of a \$500,000 shops in Montgomery. This announcement is authorized by the Coast Line management. The new shops will be located just to the south of where the old shops stand. Preliminary work has already been begun towards the erection of the shops.

It is announced that the new shops will be of the most modern construction and most modern equipment. Only one piece of machinery in the old shops will be moved into the new. When completed the new shops will be able to do any character of repair work. The shops will be so equipped that heavy engine repairs can be speedily made.

Coast Line officials announce that the new shops will employ considerably more men than the old shops. At the present-time the Atlantic Coast Line has the largest number of men working in the Montgomery shops that have ever been employed. This big body of men will be added to when the new shops are constructed.

The modern shops will take the place of the old Coast Line shops, a part of which was destroyed by fire in the summer of 1922. It was feared for a time that after the burning of the old shops the railroad would not rebuild but would let its big Waycross shops take over the work of the Montgomery shops.

The Coast Line management makes the further announcement that five of the heavy Mikado type engines which will be built this year will be assigned to the Montgomery division and will be in service between Montgomery and Thomasville. In this connection it is learned that within the last two years the Coast Line has completely relaid its rails between Montgomery and Thomasville, using 30-pound steel instead of the lighter steel formerly laid down.

The Atlantic Coast Line recently announced that during this year the road would expend \$20,000,000 for new equipment, including rolling stock and double tracking. When the double tracking work authorized is completed in the next two years, the Coast Line will be double tracked throughout its entire line into Florida.

It is announced that the Atlantic Coast Line is enjoying unprecedented business and the far-sighted management intends to have the equipment and shops necessary to continue to care for the tonnage offered. It is announced that the tonnage out of Montgomery so far this year has been the heaviest in the road's history.

TALLASSEE SETS UP CLAIM FOR CHAMPION EATER

The world's champion eater has been found! Toda McCormick, a colored man at Tallassee, stretched his appetite last Wednesday night and ate six pounds of cheese, one and a half pounds of cakes, drank six bottles of soda water and eleven soda water bottles of water. It took Toda from seven o'clock until ten to consume this quantity of eats and drinks but he finally got it down, and was up early next morning looking for somebody to buy him six more pounds of cheese. Several white men doubted Toda's ability to expand his capacity sufficiently to take care of this amount, and he agreed to eat that quantity if they would pay for it, which they had to do.

However, they wanted to be on the safe side, so they called Dr. Guldridge to the scene, so he would be nearby in case of emergency. Doc had his kit of tools, bandages, needles, patching, cement, etc., with him, but did not need them, as Toda was still intact after he finished his job.

DEATH OF CONGRESS- MAN TYSON IS GREAT SHOCK TO STATE

Montgomery, March 27.—Death has administered the only defeat which Congressman John R. Tyson of the second Alabama district has suffered during his political life. Newspaper dispatches announcing the end of the Congressman's life at Rochester, Minn., Tuesday afternoon brought sadness to his constituents throughout Montgomery and other counties of his district.

Congressman Tyson went to Mayo Brothers last week for an operation in the hope that he would recover from a tumor. When he entered the hospital he was told that he probably did not have an even chance, but he considered fifty-fifty a better basis for operation than the chance he would have if he failed to have the tumor removed.

From the moment the operation was performed there had been fears that he could not recover. Complications set in Monday and it was known early Tuesday that death was not far away.

Congressman Tyson had an unusual record in Alabama politics. He had been elected to every office he sought and had never suffered defeat in a political campaign. On account of his death Governor Brandon must call a special election in the second district to fill the vacancy. This will force the state Democratic party to select a candidate to oppose a candidate or to call a special Democratic primary for the selection of a candidate.

FROM TROY, ROUTE 5.

Dear Editor:—It has been some time since we have had the pleasure of reading any items from this part of the county. The health is very good at present. Our people are enjoying the pretty weather, after all the sleet, snow and rain.

A large crowd met at the home of Mr. and Mrs. John Jackson Easter Sunday afternoon being one of pleasure for all, the old as well as the young. The crowd enjoyed a nice dinner at 12 o'clock, and after dinner the singing started. After several songs had been sung they announced a very large "egg hunt." There were 33 eggs hidden, and 62 of them were found. After the egg hunt, the crowd met back and the rest of the afternoon was spent in singing. We had many visitors from Elba, among them being: Mr. and Mrs. Bud Boutwell, Tura Mae, Alma and Mrs. Anna Jacobs.

Everyone seemed to enjoy the day very much. There were more than seventy people present.

Among the other visitors were Mr. Leroy Hicks and Mr. Pearl Moore.

GIRL FATALLY BURNED.

A little girl about four years old, of Mr. and Mrs. Wiley Garner was fatally burned about noon Tuesday. Her clothes caught from the fire place. Only two other small children were in the house at the time. The mother, who was busy outside, came to the rescue immediately, but not in time. The child's clothing all burned off except her shoes. Her body was burned practically all over. Dr. Williamson who lives on the opposite side of the street from the Garner house, heard the alarm and rushed here in time to save the child from being burned. Some of the bedding having caught fire from the child's burning clothing. The little girl died about 1 o'clock that night and was buried at Pondont Wednesday afternoon.—Hartford News-Tribune.

On Saturday afternoon at Arton, Will Pugh shot and mortally wounded Walter Malford. Both are white men with families. From the information gathered by the Star, the unfortunate affair it seems that both men met in Arton on Saturday afternoon where they went to buy groceries. There had been bad feeling between the two men for some time on account of Malford paying too much attention to Pugh's wife. The men met at Arton. Malford striking Pugh over the head with the jaws of a large pocket knife, inflicting a very painful wound. It is learned that Pugh after recovering from the blow on the head, walked off from Malford. This was to Malford's regret, following Pugh several steps with his knife drawn telling Pugh that he was going to kill him. However Pugh was too quick for him. He drew his gun telling Malford that if he attacked him again, that he would kill him. Malford was shot directly under the heart. He drew his knife and with it engaged in a fight with his rival, and that a brother of the latter interfered and struck him with a large stick, Rogers never regained consciousness.

The sheriff of Blount county was requested to arrest the boys engaged in the fight, but Rogers' father refused to divulge their names here.

STATE WILL RETIRE HIGHWAY BONDS

Montgomery, March 30.—At a meeting of the Alabama State Bond Commission, held in the office of the chairman, Governor William W. Brandon, Thursday evening, a decision was reached that the state will retire from the sinking fund provided by law \$293,000 of the first issue of \$3,000,000 of the 4 1/2 per cent state highway improvement bonds. It is estimated that the retirement of these bonds, which will be placed in the sinking fund as a part of it, will save the state \$13,135 a year. This is the amount of interest that the bonds would draw from the sinking fund per annum on the amount retired.

Under the provisions of the amendment authorizing the issuance of \$25,000,000 of bonds for the improvement of the Alabama highway system, a sinking fund consisting of returns from the motor vehicle license tax was created for the retirement of these bonds. By purchasing or retiring the highway bonds from the purchaser, the state will save the interest of 4 1/2 per cent per annum. At the same time the bonds which are bought back or retired will be placed in the sinking fund, and at any time the funds crushing the bonds are needed for road building, they can again be sold. The first issue of \$3,000,000 of Alabama highway improvement bonds were purchased by Ward, Sterne & Co., of Montgomery and Birmingham. These bonds mature over a period of 30 years. The amount saved for a 30-year period in interest, through the "buying back" of the \$293,000 of these bonds, in accordance with the bond commission's decision, can be readily estimated.

All members of the commission were present at Thursday evening's meeting, namely: Governor William W. Brandon, chairman; Attorney General Harwell G. Davis and Senator John A. Rogers, chairman of the state highway commission.

MONTGOMERY MERCHANT KILLED WHEN AUTO STRIKES TREE

Montgomery, April 10.—J. B. Poole, merchant, is dead as a result of injuries received when a Kissel automobile, said by police to have belonged to Dooley Tisdale, of 306 Dexter, smashed into a tree on the lower Wetumpka road, near the Western Railway crossing, early last night, following a collision with a wagon driven by Milton Alford, negro, of 352 Lower Wetumpka road.

In the car, it was reported, were two other men whose identity was undetermined. Police were unable to locate the other alleged occupants, but it was believed by them that they had been whisked away following the accident. Poole, whose face, neck and body were a mass of cuts and bruises, died on the operating table at St. Margaret's Hospital.

Police were working on the clue the unidentified, who according to passerby, were whisked away immediately following the accident in a Ford car, had been carried to their homes. The accident occurred shortly after 8 p. m. The car had just crossed the Western Railway tracks on the Lower Wetumpka road, traveling in the direction of Montgomery, when it struck the rear of the wagon. The rear wheels of the wagon were thrown to the right and left of the road. About fifty feet further the car struck a tree to the left, in a fall, and was practically demolished.
